Sports and Games

TUESDAY, Grades K-2 Cost: \$75
THURSDAY, Grades 3-5 Cost: \$75
A longtime Woodlin favorite: Students will have fun and practice sportsmanship through a variety of games and team sport activities, based on the desires of the class. Taught by Woodlin's P.E. teacher, Coach George.

Lego Mechanics and Engineering

TUESDAY, Grades K-2 Cost: \$204
Powered by the LEGO® Education Wedo Base Set and Software, our Jr. Lego Robotics class combines the exciting world of Lego with programming to manipulate and program your own personal robots. This class is tailored to younger children who want to learn the basics of visual programming. Students create commands for their robots to follow by using an application with a drag-and-drop interface that is visually simple to use, but capable of complex instructions. Students learn the importance of teamwork by working together with a partner in order to accomplish the build assignment for the day. Software: Lego Education WeDo Skill Level: Beg. Taught by C3.

TUESDAY, Grades 3-5 Cost: \$204
Powered by the LEGO® MINDSTORMS® Education Ev3 Base Set and Software, our Lego Robotics class combines the exciting world of Lego with programming to manipulate and program your own personal robot. Learn how to use the simple, but powerful software to create commands with drag and-drop visual programming. Configure different sensors that track motion, light, & touch to create the ultimate robot! Students will work together as a small team of young engineers to build and program their designs. This class is great for children who are hands on and like working together in small teams. Software: Lego Mindstorm Ev3 Skill Level: Beg.-Int. Taught by C3.

Create Your Own Adventures

TUESDAY, Grades 3-5 Cost: \$115
Love theater, creativity, and fun? What if the Big Bad Wolf blew down the Little Pig's house of bricks? What new powers would you give Superman to defeat villains? In this residency, students create their own adventures by taking control of stories and characters, and re-imagining them through improvisation and playmaking. Taught by Roundhouse Theatre.

Strings & Things with CREATE

TUESDAY, Grades 3-5 Cost: \$132
Get tangled up in the possibilities of strings and yarn and thread in this hands on class. We'll sample weaving, sewing, embroidery and more as we design and CREATE colorful and fun projects. Whether we're making a bean bag animal, a bag, an accessory or a wall hanging, we'll keep each other in stitches during this fun exploration of strings and things. Taught by CREATE Arts.

Jump It Up!

TUESDAY, Grades K-5 Cost: \$123
Jump It Up is a whole-body movement-based club that is fun and safe exercise. The goal is to increase health, wellness, and fitness with balance, strength, and coordination for all students. Gross motor skills will be reinforced with mini-trampolines and other equipment. Students will learn fun, easy movement routines in sequences timed to music – balance and agility will be a focus. Use of arms, legs, and various muscle groups will increase students' strength, endurance, body awareness and overall fitness. Taught by Woodlin physical therapy staff member Hope Ollivierre.

Newspaper Writing

TUESDAY, Grades 3-5 Cost: \$128
Ladies and Gentlemen! Get it hot off the press! The first edition of the school newspaper needs your help. Students will enjoy this exciting class as they create authentic newspaper stories. As they are transformed into reporters and editors, the students will be to publish their own school newspaper. Various aspects of newspapers are covered, including parts of a newspaper, writing an article, reading habits, advertisements, and layout and design techniques. Taught by Little Scholars.

Science Exploratorium

TUESDAY, Grades K-2 Cost: \$128
Did you know that science and art are related? Come discover, experiment, and create as we learn about the colliding worlds of art and science in this STEAM-based class. We will examine the fundamentals of chemistry by watching colors ignite a canvas and practice the principles of physics by designing creative inventions with pulleys and levers. Put on your lab coat and pull out your paintbrush as we dive into the art of science! Taught by Little Scholars.

Wall Street Workshop

TUESDAY, Grades 3-5 Cost: \$128
Is it time to buy? Is it time to sell? Come find out in our Stock Market Game! Students will investigate how to purchase, sell and trade stocks the Wall Street way. Secure your statistics skills, increase your analytic thinking process and

Whiz Kids

TUESDAY, Grades K-2 Cost: \$128
Join us on a science discovery mission! We will explore the world of science through everyday objects, experiments and encounters. This program will enhance STEM education philosophies with a big punch of fun. Physics, biology, chemistry, geology, astronomy and zoology will all be covered in the Whiz Kids program. Taught by Little Scholars.

It's a Jungle Out There!

THURSDAY, Grades K-2 Cost: \$115
Explore the wild side of the animal kingdom in a classroom. Each week, students will discover new creatures—from the smallest mouse to the most magnificent dragon—through creative play, song, movement, and visual arts. Taught by Roundhouse Theatre.

Karate (ALL Belts)

THURSDAY, ALL grade levels and ages Cost: \$133
This karate program, offered in the style of Tang Soo Do and Ju-Jitsu, teaches students proper form, style, technique, and discipline. Classes inspire higher levels of respect, motivation, and self-confidence within students. Led by Kaizen Karate.

Think it. Build it! With CREATE

THURSDAY, Grades K-2 Cost: \$123
Gather at the corner of imagination and problem solving for a journey in artful construction. What will you think of and what will you build as we wind our way through projects where you decide on the direction you'll go? We'll use materials like plastic file folders, cardboard tubes and boxes, paint, plaster wrap, and fabric. Will you CREATE an animal, a vehicle, a robot, or an elaborate structure? Taught by CREATE Arts.

Photography Club

THURSDAY, Grades 4-5 Cost: \$136
Do you enjoy taking pictures? Do you want to become a better photographer? Would you like to know more about how cameras work? In this club, students learn how a basic point and shoot camera works, how to deal with common problems, how to work with available light, basic and advanced composition techniques, and lots of hands-on practice. No experience necessary. Those who have taken Photography before are encouraged to come back if they would like more practice and feedback about their work. Taught by Woodlin parent and professional photographer Nancy Cox of Marigold Photography.

Yoga

THURSDAY, Grades K-5 Cost: \$112
Our Yoga Club develops focus, flexibility, strength, and coordination through a variety of yoga poses, stories and games. We move, we play, we sometimes dance and we always have fun. These classes enhance energy while also teaching children to feel calm and centered. Learn basic yoga movements in a fun, relaxed setting, doing your personal best in a non-competitive environment. Mats are provided each week, no need for your student to bring their own. Led by Woodlin parent and RYT 200 certified yoga instructor Krista Mason. Snacks are provided each week.

Krafty Kids

THURSDAY, Grades K-2 Cost: \$128
Do you like to paint, craft, and create? Then this class is just for you! In Krafty Kids we will create one of a kind masterpieces like canvas art, we'll explore with watercolors and get in touch with our inner artist as we create an "Andy Warhol" inspired piece of art. You will be able to express your unique personality with personalized pieces. Taught by Little Scholars.

Dino Discovery

THURSDAY, Grades K-2 Cost: \$128
Take an adventure back to the Jurassic Era where we will learn about dinosaurs who roamed the Earth millions of years ago. Uncover fascinating facts, build a dinosaur replica and have an archaeological dig as you explore your paleontological skills. In Dinosaur Discovery, you will become a paleontologist faster than Ornithomimids ran from a T-Rex! Taught by Little Scholars.

Super Sleuths

THURSDAY, Grades 3-5 Cost: \$128
Get out your magnifying glasses and detective hats as we have clues to decipher and crimes to solve. We'll put our critical thinking skills and knowledge to the test to get to the bottom of mysteries. While experimenting with simple detection techniques, your reasoning skills will grow and your problem solving skills will become better than CSI agents. Taught by Little Scholars.

Science Exploratorium

THURSDAY, Grades 3-5 Cost: \$128
Come experiment and create as we learn about the colliding worlds of art and science. We will create biomes from around the world, star gaze at constellations, master meteorology, investigate how things work and dabble in chemistry and physics. This STEAM class will rock your world. Taught by Little Scholars.
